The Integrator’s list is viewable to USB-IF members once they have logged into their user account at <https://cms.usb.org/integrators-list>. Your products do not appear on the public product search located at <https://www.usb.org/products> because you do not have a valid USB-IF Trademark License Agreement on file and you are not a current USB-IF member company. If you wish to have your products listed on the public list you must become a member and execute a USB-IF Trademark License Agreement.

If your customers have questions they can email admin@usb.org to verify your certification.
